

## **NEXT TOURISM**

Dear Guest,

When you travel, you go out of your way to ensure that you bring back the biggest business deal of your life or memories of a lifetime. The hassles of multiple bookings that are car, air, rail, hotels, meals, room tariffs, sightseeing etc. should be the last of your concerns, whether you travel for business or pleasure.

We, at Next Tourism, believe that you should travel with the knowledge that you are taken care of, from the time you leave your doorstep till the time you are back home.

One fact about your tourism experience, of which we can be certain, is that it will be utterly fantastic. If you want to change your vacation into a business trip, or vice versa, we can arrange that as well.

Happiness is going someplace, you have never been before. Let us help you achieve that.

All you need to do is call.

Have an enjoyable trip!

With warm regards,

**SAURABH**

Director

**NEXT TOURISM**

Redefining the touring experience!

**About Us:**

NEXT TOURISM, the complete travel company was born out an experience of our Director with a travel agent, yes, travel agent; the guy whose primary concern in life is to get his commission from the airline, the cab guy and the hotel. The travel agent did not care about the comfort or ease of our Director, who was at that point of time, a traveller like the rest of us.

Mr. Saurabh saw the need for a company that would help him do his work rather than add to it. A company that would send him a car, drop him at the airport, and ensure that his ticket was confirmed. Another vehicle would pick him up from his destination airport and remain with him for the entire trip. The process would be reversed for his trip back home. 'Is that so hard to do? He wondered the lack of such quality services in the market which urged him to start Next Tourism, where the simple things would be paid as much attention to as the big ticket items. He was ready to earn lesser than a 'travel agent' but earn the thanks of a happy traveller.

When we get a call from our customers, we know we did something right for them and they would be back for their next trip.

'Redefining the touring experience' is not just a tagline for us, it is what we do, and it is who we are. And we will continue to be that way just to see our traveller smile!!!

**Vision**

Happy travellers will always be on our trip!

**Mission**

To deliver the best travel experience for the trip that the traveller wants at a price he can afford and at a pace that he loves.

**24 x 7**

For queries, doubts, clarifications, if any, the Next Tourism Hot Desk is available for you 12 hours a day, 7 days a week to ensure that our happy travellers stay happy.

## **Customised Tour Packages**

The biggest concerns that affect a potential traveller are the unknown problems and hidden costs that will occur on a package tour. It could be something as simple as being forced to get up at a certain time or risk missing the sightseeing tour.

With Next Tourism, the tour happens at your pace, and how you want it to happen. We will take care of all your needs, thus turning your dream vacation into reality. The icing on the cake is that we can customize the tour package for just a couple or a circle of friends going together or a complete group of people / students.

## **Corporate Entities**

Sales meetings, deadlines and demanding bosses. We all have them and more stress factors that are unique to every job and every company. And one of the most critical showcases, for a manager's capabilities is the outing and tours that the manager can organise. Recollect the last time you organised an outing attended by your colleagues and senior management. Your checklist ran into an excess of 3 excel sheets.

Another checklist for you to scan:

- 1) The tour operator forgot your boss is a vegetarian.
- 2) All except one of the directors got a suite at the hotel.
- 3) The seminar hall projector does not work.
- 4) You cannot have a wet bar on the terrace of the hotel.

If you, as a manager have faced more than one of the above, you need to stop relying on the commitments of tour operators and get yourself some professional Hospitality Management Services. Do give us a call or e-mail us. We will not only send you a cost effective rate of your requirements, but we will also ensure that the top management cannot wait for you to join them for lunch in the executive lunch room.
